SUMMARY

I am a computer engineering student with a passion for programming and app development. I have experience in various projects that enhance my skills in Python, Django, and web development. My participation in hackathons reflects my ability to innovate and work collaboratively. I am keen on continuous learning and am ready to take on new challenges in the tech field.

KEY ACHIEVEMENTS

Hackathon Achievement Achieved top 5% in SSIP Hackathon 2022-23 from over 500 participants.	Portfolio Optimization Increased website traffic by 30% through effective SEO strategies for portfolio site.
App Development Success Developed five software applications serving 200+ users in total with positive feedback.	Delivery System Efficiency Implemented a delivery system that reduced delivery time by 20% in medical stores.

EXPERIENCE

Participation in hackathons showcasing problem-solving skills and teamwork.

- Participated in the SSIP Hackathon 2022-23
- Participated in college Bio Hackathon 2023-24
-

EDUCATION

BTech Computer Engineering

Institute of Advanced Research

CGPA:8.08  Gandhinagar

XII (CBSE)

Airport School Ahmedabad

12 STD: 83%  Ahmedabad

SKILLS

Django	React JS	Graphic Designing	Public Speaking	Flask	Python
--------	----------	-------------------	-----------------	-------	--------

PROJECTS

Multiple Projects

Various software projects showcasing programming and development skills.

- Developed a Discord-like application named NerdGalaxy for finding study partners.
- Created a clone of UberClap providing various housing services.
- Built a personal portfolio website to showcase skills and contact information.
- Designed a local medical store delivery system for accessing medicine and governmental schemes.
- Engineered a space info system providing details on satellites and their current status

INTERESTS

- Reading Books**
Reading books as a hobby to expand knowledge and creativity.
- Playing Football**
Playing football for fitness and teamwork.
